PLEDGE

As a Merit Badge Counselor, I understand that the Merit Badge Program is designed to "provide a youth self-confidence by overcoming obstacles to achieve a goal"

I agree to maintain the intent and philosophy of the Boy Scout Merit Badge Program. This includes having the Scout satisfactorily complete all the requirements, and not asking the Scout to do more than the requirements state

I further agree to maintain these standards by requiring the Scout to initiate the contact by telephone or in person prior to working on the badge. I will review a scout and his buddy (a minimum of 2 youth, or a Scout and his parent or guardian, a brother or sister, or a relative or friend) at a time so that each Scout can receive the personal attention he deserves.
